These weight pulls are held in accordance with the rules and sanction of the International Weight Pull Association (IWPA). Weight pull is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury. The judge has the authority to disallow a dog's entry into a pull and, in such instances, applicable entry fees will be refunded. At roll call, all dogs will be weighed to verify weight class. Bitches in season, pregnant, or nursing, and lame and unfit dogs will be excused with entry refunded. Please do not bring bitches in season to the pull.

### Entry Fee

\$15.00 per entry if received by November 20, 2018. \$20.00 per dog per pull if received after closing date or entered day of pull.

Checks will be deposited beginning November 21, 2018, and upon receipt thereafter. Day of pull entries are **\$20.00** for each entry and will close 30 minutes prior to roll call at the Event Secretary's table. Day of pull entries accepted as space allows. Entries will be acknowledged by email if legible email address is provided on entry form. Entries must be received by November 20, 2018.

Mail entries payable to PVSC to:

Janice Lynch, Event Secretary  
3406 Annandale Road, Falls Church, VA  
22042-35

## **Conditions of Entry**

Dogs must be at least one year of age on the day of the event. One dog per entry form. All entries must be accompanied with a check to be valid. A returned check is not a valid entry. There will be a \$35 fee for a returned check. Entries received by phone, text, or email will not be accepted. Incomplete entries or forms without signature will not be accepted.

Weight Pull events are open to all dogs at least 12 months of age. Dogs must not be more than 12 years of age as of September 1, 2018.

At roll call, all dogs will be examined for disqualifications. Bitches known to be in season are not to be brought to the pull. At inspection, bitches in season, pregnant bitches, nursing bitches, lame and unfit dogs will be excused with entry refunded.

For the safety and welfare of the dogs, all dogs must be currently immunized against any contagious canine diseases. The use of performance altering drugs including but not limited to controlled substances (i.e., illegal), stimulants, depressants, anaabolic steroids or their precursors, suppressants and diuretics are strictly prohibited.

PVSC will do its best to accommodate exhibitors with conflicts in other venues. It is also the responsibility of each entrant to be ready when his/her dog is called to the line.

## Handler Conduct & Control of Dogs

All entrants shall be responsible for the conduct of their dogs, family and handlers before, during and after the event. Vicious or unmanageable dogs shall be barred from competition. Disruptive, rude or unsportsmanlike conduct towards animals, officials, handlers or spectators will be cause for disciplinary action and/or disqualification. All dogs shall be under physical control while in the pull area, except when hooked to the cart. All handlers shall be responsi-

ble for cleaning up after their own dogs. Abusive or inhumane treatment of a dog is prohibited and shall be the cause for disqualification.

## Weight Classes

**10 Pounds** - Dogs weighing up to 10 lbs

**20 Pounds** - Dogs weighing 11-20 lbs

**40 Pounds** - Dogs weighing 21-40 lbs

**60 Pounds** - Dogs weighing 41-60 lbs

**80 Pounds** - Dogs weighing 61-80 lbs

**100 Pounds** - Dogs weighing 81-100 lbs

**125 Pounds** - Dogs weighing 101-125 lbs

**150 Pounds** - Dogs weighing 126-150 lbs

**Unlimited** - Dogs weighing more than 151 lbs

Each dog will be weighed the day of (or within 24 hours before) pull. All recorded dog weights must be rounded to the lowest whole pound. Dogs must wear only a standard collar during weigh in. All weigh-ins will be overseen by an IWPA certified judge and all dogs will be weighed on the same scales provided for the pull. In the event that the dog's weight exceeds the scale's capacity, but it is obvious the dog is in the Unlimited Class it will be eligible to compete for points but not Working Dog Certificates or best percentage.

The dog that wins its weight class shall not be allowed to compete in the next weight class. However, the winning dog

shall be allowed to pull as many times as it wants to establish a top percentage pull. These percentage pulls shall be at the established load increment.

## **Weight Pull Event Procedure**

- The pull will be held outdoors on carpet over asphalt.
- Each dog shall be required to pull a loaded cart a measured 16 feet within 60 seconds. If the cart is in continuous forward motion, the dog shall be allowed to complete the pull and the actual time required to make the pull shall be recorded.
- In the Sanctioned Pulls, handlers shall position the dog and proceed directly across the finish line if calling or behind the front of the cart if driving without stopping or hesitating; there shall not be any communication or contact with the dog or equipment. Once the handler has crossed the 16 ft line, he/she may not contact the dog, pulling surface or equipment between the start and finish line. The handler cannot touch the dog until the pull is complete.
- Once the dog is in position in front of the cart, no physical handling of the dog will be allowed. The judge will direct the handler to physically reposition the dog if there is a tangle or equipment failure. The dog is considered to be in position when the handler moves more than an arm's length away from the dog.
- The handler shall be allowed to position the dog anywhere between the front wheels and the end of the extended tug line. The dog shall be positioned with enough slack in the tug line to prevent the dog from inadvertently moving the cart. There shall not be so much slack as to allow a sling shot start. A defined stop in the forward motion of the dog must be achieved.
- The handler may pass one or two turns but must pull on the third turn. Once the dog is hooked up to the cart, the handler may not pass in that round unless the harness or other equipment breaks. The handler may choose to repeat the pull after repairs within 60 second or may choose to accept this interrupted pull as a pass.
- Starting weight and load increments shall be determined by the Chief Judge and a simple majority of the handlers and shall be set prior to the beginning of the class.
- The time will start once the handler is in the proper position and instructs the dog to pull or the dog attempts or starts to pull.
- Tangles are called at the Chief Judge's discretion. A tangle shall be called by the judge only if the dog or any of the equipment in use becomes entangled in such a way that it could cause injury to the dog. In the event of a tangle, the timer will stop the clock and the handler must realign the dog and harness before the pull is resumed. Two tangles on

- the same round will constitute the dog's removal from the competition.
- The use of whips, noisemakers, muzzles, pinch collars, or related aids are not permitted at any time. Throwing of items while the dog is in the pulling chute is considered baiting. No food, treats, or bait/baiting shall be used from the time the dog's class begins until the dog is eliminated from competition and removed from the pull area. Handlers shall not have food or bait on their person during the competition.
- The dog pulling the most weight in its class is declared the winner. Each successive dog pulling a lower weight is placed second, third, etc. If two or more dogs pull the same weight the required distance and can pull no more weight the full distance, the winner is determined by the fastest time in the previous pull.
- The maximum number of dogs handled in a given weight class by one handler shall be limited to no more than three dogs.

## **Novice Pull**

The Novice Pull shall be operated under the same rules as a Sanctioned Pull except for the following:

- Pulls will begin at the lowest weight for the class
- Handlers may use a leash for the first 3 rounds, may touch the dog, and use lots of positive reinforcement
- No points are awarded toward Regional and National rankings

## **Points Awarded in Sanction Pull**

In order for the dog to earn points, he/she must be entered in a Sanctioned Pull and eligible (i.e., owner is a member of IWPA). Each dog will receive one point for each dog defeated in his/her class that has made a successful pull. The last place dog in each class will earn  $\frac{1}{2}$  point, providing he/she has made a successful pull and places 4<sup>th</sup> or below. In addition:

- 5 points will be awarded for first place
- 3 points will be awarded for second place
- 1 point will be awarded for third place

The dog's five best pulls will be counted in the final standing. Two pulls from out of the region can be counted. With an approved IWPA Chief Judge, dogs competing in Novice or Fun pulls shall be eligible to earn legs toward working dog titles.

Points are only awarded to dogs owned and handled by IWPA members. Otherwise, the dog and handler are entered as "provisional" and the dog does not earn points. Provisional members may have their dog's points count by joining IWPA at the event. A membership form is attached and can be submitted to the Event Secretary after the event with payment.

More information on IWPA can be found at their website, [www.iwpa.net](http://www.iwpa.net).
